RE: Orleans Parish Sheriff's Office Tent Program

At this time I have placed the tent program on "pause". This brief interruption of community service will allow time for me to conduct a proper inventory and assess the condition of the tents that may be in need of repair and complete modifications.

With only a minimum level of transition from the outgoing administration and an unusually large number of requests during my first weeks in office, a reset is necessary.

While inventory and repairs is ongoing, I have formed a Community Service Committee who will outline and define criteria for tent availability for the use by service based and nonprofit organizations.

I wholeheartedly support community engagement and interaction to solve problems, and will get this neighborhood program up and running as soon as possible.

Once the tent program is restarted, all requests for tents and other community services must be made on our website: www.opso.us/CommunityRequests

Sincerely,

A handwritten signature in blue ink that reads 'Susan A. Hutson'. The signature is fluid and cursive, with the first name 'Susan' being the most prominent.

Susan Hutson, Sheriff
